WARNING!

Serious or fatal crushing injuries can occur from furniture falling down. To prevent this furniture from falling down it must be used with the wall attachment device(s) provided.

Screw(s) and plug(s) for the wall are not included. Assess the suitability of the wall to ensure that it will withstand the forces generated. Use screw(s) and plug(s) suitable for your walls and the intended load. If you are uncertain, seek professional advice. Read and follow each step of the instruction carefully.

Français

ATTENTION

Risque de blessure grave ou mortelle par écrasement en cas de chute du meuble. Pour éviter la chute de ce meuble, il faut le fixer au mur de façon permanente.

Les fixations murales (vis et chevilles) ne sont pas incluses car leur choix dépend du matériau du mur. Vérifiez que votre mur permettra aux fixations de résister au poids du meuble. Adaptez les fixations au matériau de votre mur. En cas de doute, demandez conseil à un vendeur spécialisé. Lire et suivre attentivement toutes les étapes de la notice de montage.

Español

ATENCIÓN

Existe un riesgo de daño grave en caso de caída del mueble. Para evitarlo, se debe fijar a la pared con los dispositivos de fijación proporcionados.

Los tornillos y los tacos no se incluyen. Comprueba si la pared es lo suficientemente estable como para soportar las fuerzas generadas. Utiliza los tornillos y tacos adecuados para tu pared y la carga. Si tienes dudas, ponte en contacto con un especialista. Lee y sigue correctamente los pasos indicados en las instrucciones.

English

IMPORTANT!

Always shut off power to the circuit before starting installation work. In some countries electrical installation work may only be carried out by a authorised electrical contractor. Contact your local electricity authority for advice.

INSTALLATION IN BATHROOMS

The installation shall be carried out by an authorised electrical contractor. The luminaire must be permanently installed in the electric system and placed in the correct zone.

Different materials require different types of fittings. Always choose screws and plugs that are specially suited to the material.

Français

ATTENTION !

Toujours couper l'alimentation au panneau principal avant de procéder à l'installation. Dans certains pays, l'installation doit être effectuée par un électricien qualifié. Pour en savoir plus, contacter les autorités locales compétentes en la matière.

INSTALLATION DANS UNE SALLE DE BAIN

L'installation doit être effectuée par un électricien qualifié. Le luminaire doit être branché de manière permanente au système électrique et placé dans la zone adéquate.

Les ferrures à utiliser dépendent du type de matériau. Toujours utiliser des ferrures et des fixations adaptées au matériau.

Español

¡IMPORTANTE!

Desconecta siempre el interruptor general de electricidad antes de empezar la instalación. En algunos países el trabajo de instalación sólo puede realizarlo un electricista profesional. Contacta con las autoridades locales para pedir información.

INSTALACIÓN EN BAÑOS

La instalación debe realizarla un electricista profesional. La lámpara debe instalarse conectada de modo permanente al sistema eléctrico y en la zona correcta.

Distintos materiales requieren distintos tipos de herrajes. Elige siempre tornillos y tacos especialmente adecuados para el material.

**English**

The independent LED driver shall not be used in close proximity to or under building thermal insulation.

Français

Le transformateur LED indépendant ne doit pas être utilisé à proximité ou sous l'isolation thermique du bâtiment.

Español

El "driver" LED independiente no se debe utilizar cerca o bajo el aislamiento termal del edificio.

English

English

If you are uncertain about how much weight your wall can hold, you can secure the suspension rail at one or more additional points.

Français

Si vous n'êtes pas sûr du poids que votre mur peut supporter, vous pouvez sécuriser la fixation du rail de suspension à un ou plusieurs autres endroits supplémentaires.

Español

Si no estás seguro sobre cuánto peso puede soportar la pared, puedes fijar el riel de suspensión en uno o más puntos adicionales.
